

Sprizzerí Lime & Elderflower

Sprizzerí is Italy's original wine spritzer, invented by Edoardo de Martin in 1934. Today, his winemaker grandson Paolo de Martin carries on the tradition, and their work has never been more delicious! There are three flavors, and Lime & Elderflower is an epicurean delight. Made with fresh Prosecco, it also contains a touch of mint, providing a bright, fresh, and zesty palate. Terrific over ice with a wedge of lime, or even mixed in a cocktail. Perfect for those who love playful white wines, high-quality ciders, and classic Italian cocktails.
